

ENQUIRY FORM

Flat Wire (Honeycomb) Conveyor Belt

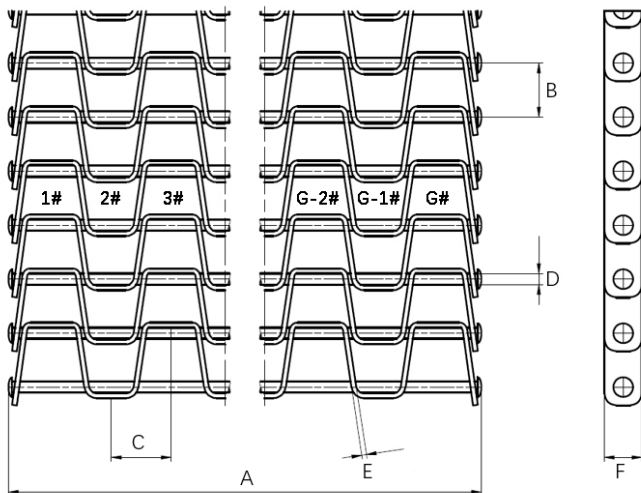

Fill in what you know; leave the rest blank. You can also start an enquiry with photos only.

01 Belt size & material

Full-loop length (m)

Belt material (flat strips & cross rods)

02 Belt dimensions

A Overall width (mm)

B Cross rod pitch (mm)

C Nominal lateral pitch (mm)

D Cross rod diameter (mm)

E Strip thickness (mm)

F Strip height (mm)

G Apertures across width (count)

G = total openings across the width (1# to G#).

Dimensions follow the drawing: E = thickness; F = height.

For B, measure 10 pitches (11 rod centres) and divide by 10; use an unworn section.

C is nominal pitch, not the clear opening or a sprocket-positioning dimension.

03 Edge finish

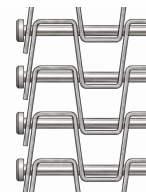

Existing edge type

Send a close-up of the belt edge and joining rod.

Existing details are for identification, not a guarantee of interchangeability.

Clinched edge

Welded edge

04 Sprocket (optional)

Enter bore diameter, outside diameter, thickness (mm), tooth count, keyway details, material and quantity.

05 Belt options (optional)

☐ Side plates / guards

Enter height, thickness (mm), material and other details.

If fitted, attach a sketch or photograph.

☐ Flights / cleats

Enter width, height, thickness, spacing (mm) and other details.

06 Application (optional)

Product

Minimum temperature (°C)

Process

Maximum temperature (°C)

Other / load / speed
