

ENQUIRY FORM

Honeycomb Conveyor Belt

Request for Quotation - New Application Belt Enquiry

For new equipment or a new process. Fill in what you know; leave the rest blank.

01 Product & process

Product to be conveyed

Product size L x W x H (mm)

Product load (kg per metre of belt)

Product temperature (°C)

Process / application

02 Conveyor layout

Conveyor length (m)

Required belt width (mm)

Conveyor orientation

Rise / fall (mm, if inclined or declined)

Conveyor length refers to the conveying run; the full-loop belt length is different.

03 Operating conditions

Belt speed (m/min)

Minimum belt temperature (°C)

Maximum belt temperature (°C)

04 Belt & support preferences (if known)

Preferred opening size L x W (mm)

Preferred belt material

Opening size means clear space between wires / strips, not pitch. Leave blank if unsure.

Belt support / wear-strip material (select or type details)

05 Additional requirements (optional)

Add cleaning conditions, chemicals, side plates, flights, sprockets, delivery needs or other relevant details.

Please attach a conveyor layout sketch if the belt path is more complex than a simple loop.

Photos, product samples or drawings can help us confirm the application.
